

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

BANK OF IRELAND,

May 6, 1863.

I certify that it appears by the Books of the Bank of Ireland, there remained a Balance of £1792 1s. 8d. New Three per Cent. Government Stock, and £1142 8s. 1d. Three per Cent. Consols, to the credit of the Account of the Royal Irish Academy, on the 31st day of March, 1863.—For the Governor and Company of the Bank of Ireland.

J. R. BRISCOE,
Stock Leger Keeper.

ROBERT ROBERTS,
Transfer Office.

* This sum includes the balances to the credit of the Tidal Observation and Catalogue funds, and also the amount of several small accounts due, but not furnished. It also stands charged with the printing of several papers in the "Transactions" not yet finished. The above balance would have disappeared to meet these demands, had they been made in time; and some Academy Stock should have been sold to meet the deficiency of income over expenditure of the year ending 31st March, 1863.
